Distribution

The bold elephant logo and our bright purple, white and grey livery is not all that makes Harrison Solway's extensive fleet of vehicles and trailers so distinctive

Key Features:

- Extensive fleet of modern, state of the art articulated distribution vehicles and trailers.
- The latest in-cab communication and vehicle tracking devices.
- Fully uniformed and experienced drivers.
- 'Next Day' and 48 Hour delivery and collection services available on part loads and full loads across the whole of the UK.
- Specialist knowledge and experience of the UK's major grocery, high street, discount and office & stationary retailers.
- Extensive experience in time-sensitive deliveries and collections, understanding the sensitivity of strict service levels and KPI's.
- FORS certified (Fleet Operator Recognition Scheme).

Since its inauguration in February 2004 and handling just 852 pallets in its first night of operation, Pallet-Track has grown to become the UK's fastest growing pallet network now handling in excess of 13,000 pallets per night from their central and Southern distribution hubs.

Harrison Solway are pleased to announce that we were voted 2015 Depot of the Year for Scotland and the North of England region.
